Can Imaging in OCT, IVUS and CTA Improve Outcome of IR in PAD Revascularisation?  
**K. Katsanos (UK)**

10:05

Endovascular Intervention in Patients with Renal Failure: The Role of CO<sup>2</sup> and Adjuvant Therapy  
**T. Rana (KSA)**

10:15

Bypass Surgery: Current Role, Prosthetic vs Vein Grafts  
**N. Bouayed**

10:25

Discussion

10:30

Coffee Break  
EXHIBITION

10:45

**Peripheral Angioplasty: Hot Topics**

12:00

S. Sharma (India) & Z. Aldin (UK) & M. Al Basheer

10:45

Radiation Hazards During IR Procedures: An Update on Recommendations and Practical Tips  
M. Al Omari (Jordan)

10:55

Closure Devices: An Overview and Lessons Learned  
A. Winterbottom (UK)

11:05

The Role of Atherectomy Devices: Patient and Device Selection and Tips to Maximize Outcome  
TBA

11:30

Biodegradable Stent: A New Comer from an Old Concept  
H. Habboub (Jordan)

11:55

Discussion

12:00

**Lunch Symposium**

13:00

**Revascularisation of Lower Limb Arteries: Part II**

14:10

N. Bouayed (Algeria), M. Hamady, (USA) & S. Koussayer (KSA)

13:00

The Role of Drug Eluting Technology in Infra Popliteal Region: How strong the evidence is?  
K. Kostanos (UK)

13:10

Angiosome Revascularisation and Wound Healing  
H. Rashid (UK)

13:20

Wound Coverage: Split Thickness Skin Graft and Dermal Substitute  
H. Rashid (UK)

13:30

Recanalization of Infra Popliteal CTO Tips and Tricks and Management of Complications  
F. ElMasri (USA)

13:40

Pedal Loop Anatomy and Step by Step Reconstruction: How I do it!  
F. ElMasri (USA)

13:50

Thrombectomy and Thrombolysis: Update on Devices and Protocols  
M. AlTwalah (KSA)

14:00

The Role of Therapeutic Angiogenesis in Management of Diabetic Foot Ulcer  
S. Sharma (India)

## CLI and Management of Diabetic Foot Symposium

**PAIRS Annual Meeting**  
**Wednesday,**  
**15 March 2017**

14:10  Coffee Break  
EXHIBITION

14:30  **CLI Case Based Discussion**  
16:00 | H. Rashid (UK) K. Kostanos (UK)

16:00  **CLI WS 1:**  
17:30 | **Pedal & Radial Access**

17:30  **CLI WS 2:**  
19:00 | **CO2**
